WHAT'S THAT NOISE

When you hear the emergency warning sirens in Fayette County Parks and Recreation areas you need to take immediate action. The Fayette County 911 Center will sound for the following conditions;

- A tornado warning is issued by the National Weather Service for Fayette County.
- A severe thunderstorm warning issued by the National Weather Service for Fayette County with winds of 80 mph or greater and/or hail greater than 2.5 inches in diameter.
- A confirmed tornado sighting by a credible source.

The Fayette County 911 Center will announce a verbal warning message (no siren tones) in recreation areas when the following occurs.

- A severe thunderstorm warning with expected wind speed of less than 80 mph and or hail less than 2.5 inches in diameter.
- A significant weather advisory (SWA) accompanied by lightning, hail, and strong winds.

TAKE IMMEDIATE ACTION

- When siren sounds or a verbal warning is given immediately leave and seek shelter in a safe area.
- If during a storm and you are outside in an open area away from shelters lie flat on the ground away from trees until the storm passes.
- Tune to a local radio station for weather updates.
